

Photonis Netherlands B.V. is the market leader in the development, production and sales of high-tech residual light amplifiers that are used in the industrial, scientific, medical and night vision market. Approximately 250 employees are working at the production plant in Roden; in addition to production, departments such as R&D, Finance, Engineering, SCM, Purchasing, Sales and Marketing are also located in this facility. Photonis is an international no nonsense organization that works on success with an enormous drive. For our Supply Chain Management department we are looking for a:

Temporary Project Manager

Description

In order to support the SCM department during an extensive internal project, we are looking for a temporary Project Manager. It concerns a contract for the duration of six months to one year.

In this position you are responsible for managing a number of supply chain projects. You report to the European Supply Chain Project Manager, who is located in Roden.

Responsibilities

Two projects require immediate attention.

- 1) European Corridor: the definition of the HUB between the two factories in Roden and Brive to support the sales administration and the purchasing department. The objective is to be compatible with one ERP system.
- 2) One package: implementation of the new One packaging (packaging / datasheet) project to increase efficiency and generate savings.

Main mission

Within the scope of the entire SCM department (Roden and Brive) defining necessities and implement changes.

Skills

- English: fluently in word and writing
- Good MS office and MS Project skills
- Able to stimulate change
- System analytic mindset
- ERP knowledge at a good level

Information

For further information please contact the HR department, telephone number +31 50 501 8808. Please note that in this function you will visit our facility in Brive occasionally.

Apply

Send your motivation and CV no later than 31st January 2019 to HR Roden: hrm@nl.photonis.com.

By applying for this position you agree that we will provide your personal data to our internal stakeholders. We may consult your LinkedIn account. This vacancy is simultaneously vacant both internally and externally. In the case of equal suitability, internal candidates have priority.
